Subject: WGS� Cell 6 Operations Report
Attach: Letter Report Cell E6 and E4 Repair_012611.pdf; Cell E6 MSW Area 1-26-11.pdf; WGS� SW Contingency Plan 1-26-2011 (2).pdf

Greetings all.

Please find attached a copy of the QC report documenting the evaluation and repairs made to waste disposal cell E6 located at WGS�. As noted, this cell has been cleared to resume waste placement per the terms of the report. Also attached is the requested contingency plan that addresses potential future storm events. We would appreciate your earliest review of these documents and approval to resume operations in Cell E6. As you know, there is a significant buildup of solid waste that requires landfill disposal at this time. Thank you for your quick response and your continued support during this ordeal. We appreciate your efforts.

Best regards,

Joe <<...>> <<...>> <<...>>
